PROFESSIONAL PROFILE

I am a developer motivated by utilizing my background in QA to achieve practical, precise solutions to technical problems. A front-end developer who has a big passion for mastering the craft of JavaScript and CSS. Spend significant time in Chrome Inspector than on actual websites. Come with a solid background in QA, experienced in developing complex applications and services. A determined individual with excellent communication skills. Passionate about using my unique knowledge along with my technical skills to create software that will impact the lives of end users. Honestly believe in giving attention to the smallest detail that has the power to separate a good user experience from a great one. Seeking a more challenging role where I can solve complex problems, strengthen my technical ability, and work with a team to build a product that makes a difference in people's lives.

EDUCATION

UNIVERSITY OF BENIN   Oct 2015 – Sep 2021
Program: Bachelor of Engineering (civil engineering)   **First Class Honors**
IQUBELAB   Nov 2021 – May 2022
